OUR STORY

Our famous sourdough is light, digestible, full of flavour and has been an Italian family secret for over **40 years!**

We use only the best flour, wheat germ, semolina, extra virgin olive oil and sea salt. **No additives or improvers** find their way into our dough.

A two-part fermentation process for over 24 hours is key to our dough's delicious unrivalled flavour.

Our Italian pizzaiolos hand stretch and expertly shape the dough, then top with our delicious signature sauces and the finest of ingredients.

Put simply, this makes our pizza **lighter, more digestible** and way more delicious than anywhere in town... Possibly the universe!
